- Collaboration with other NGOs etc

2. Activity

PPAC: Pharmaceutical Japan tour 2011

Japan Pharmaceutical Association Student International Activities are limited to participation in the SEP, APPS and IPSF-World Congress. And Japanese pharmacy students well known IPSF, World Congress and Asia pacific pharmaceutical symposium existence. There are a lack of ability of promote and the number of our organization. We would like Japanese students to come to know world student situation more. So we want to change this situation, and we held PJT 2011. And then, All participant and staff said it had a great time!! And this effect brought many Japanese students to participate for this World Congress.

LIT: Executive training camp

We held a training camp in order to improve the quality of officers.

3. Public health activity

Nothing

4. Student Exchange Program

Up to now, we has accepted exchange students to the same university, but each one changed the system that we accept them to each the university.

Issue: University which can accept is too little.

Also there are no students to challenge to exchange program from Japan.

5. Other Activities

- General Assembly
- Freshman welcome party
- Annual Congress

6. Closing remarks

I've done my duty.

I'm deeply grateful to you for helping me every time.

At the GA in last congress, Pharmaceutical Japan Tour and the disaster in Japan so on.

Thank you for giving me awesome experience.

I was really inspired and I hope APS-Japan contribute IPSF activities more and more.

I handed over my position to Chiba Sachimi. I recommend her, she will do great works for you.

For me, I'm still working in APS-Japan as Fundraising officer.

Thank you so much again.
